

Hartford Hospital

Role of Corporators of Hartford Hospital

Responsibilities

Our Corporators represent us throughout the Greater Hartford area and beyond. In turn, they inform Hartford Hospital of the questions, concerns and compliments of the many people we serve each year. Additionally, our Corporators provide philanthropic leadership through their own charitable support of Hartford Hospital. Their generosity is very important not only because of the programs and services it helps make possible at Hartford Hospital, but also for the compelling endorsement it sends to the broader community. Specific responsibilities include:

- Being informed ambassadors by attending the Annual Meeting of Corporators of Hartford Hospital.
- Investing in the hospital by contributing to the Corporators Annual Campaign.
- Willingness to volunteer at the Hospital on a task force or committee or in another capacity and to encourage others to volunteer.
- Staying abreast of Hospital affairs and health issues by participating in Hartford Hospital educational events, and reading Hospital communications as well as through the electronic/print media and contact with other members of the community.

Election

- The slate of new Corporators is nominated by the Hartford HealthCare Hartford Region Board of Directors Chair and elected at the Annual Meeting of Corporators of Hartford Hospital.
- Corporators serve for five-year terms, which may be renewed.
- As of 01/01/23, there were 345 Corporators

Hartford Hospital Corporator Liaisons

The President, Hartford and Northwest Regions and Senior Vice President, Hartford HealthCare, Bimal Patel (860-545-2349) and the Vice President, Philanthropy, Lynn Rossini (860-972-2162), are the initial contacts for Corporators.
